1. In the first half of November 1953, the SNB and StB at Zatec (50 20 N - 13 33 E) were assigned office rooms in the SNB building.
2. At the same time a total of four district bureaus of Public Security (Okrsek Verejne Bezpecnosti) were set up. Two of the newly set up bureaus are as follows:
 - a. One is on Roosevelt street, in the first building left of the concrete bridge towards the center of the town, a former dairy. The bureau consists of one room. The office is open to the public three times a week, 3 to 4 hours daily. During the rest of the time the only SNB man working here visits the apartments of his district, whenever there is a theft, fraud, fight, or the reliability of persons to be investigated. This SNB man is a decent and sensible person, who is not too strict about his regulations.
 - b. The other bureau is on Masarykova ulice 321, in the former store room of the Bares electric shop. This bureau has probably the same hours and tasks as the one described above. The name of the only SNB man employed there is Masek (fnu).
